 **Hiring: Graduate Mining Engineer (Fresher)**

 **Ravjibhai Jivabhai Patel Mines – Halol, Gujarat**

**(Blacktrap Mining | Drill & Blast | Aggregate Supply Chain)**

## **About the Mine:**

Ravjibhai Jivabhai Patel, Blacktrap Mines Leaseholder, is an operating Blacktrap quarry engaged in systematic mining, including:

- Overburden removal
- Bench development
- Controlled drilling & blasting
- Excavation & loading
- Raw material supply to crushing units

We are part of an integrated mining-to-aggregate value chain supplying infrastructure-grade material across Gujarat.

Group of companies:

1. Apollo Metal Quarry
2. Shree Mahalaxmi Metal Quarry
3. TheQuarryMart - VJMS Quarry Marketplace Private Limited

## **Position Objective**

To hire a technically sound Mining Engineer who can understand:

- Bench design & development
- Blast planning & safety compliance
- Production optimization
- Equipment productivity tracking
- Statutory documentation

The selected candidate will be groomed for supervisory and future statutory roles.

## **Key Responsibilities**

### 1. Mine Operations Execution

- Assist in the preparation of short-term production plans
- Monitor bench height, width & slope maintenance
- Supervise drilling pattern marking & blast hole alignment
- Observe blast execution & post-blast fragmentation analysis
- Monitor excavation & loading cycles

### 2. Productivity & Cost Monitoring

- Track daily production vs planned targets
- Monitor excavator, dumper & breaker productivity
- Maintain diesel consumption logs & variance analysis

---

- Assist in improving cycle time efficiency

## 3. Safety & Compliance

- Ensure adherence to DGMS safety standards
- Conduct toolbox talks & safety briefings
- Assist in the preparation of statutory returns
- Maintain blasting records & explosive inventory documentation
- Support compliance under GMMCR & other regulatory norms

## 4. Documentation & Reporting

- Maintain a daily mine logbook
- Prepare production, dispatch & stock reports
- Assist in maintaining Form Q, Form R, and other statutory records
- Support inspection readiness

## 5. Coordination

- Work closely with:
  - Drilling contractor
  - Blasting supervisor
  - Excavator operators
  - Crusher plant team
  - Transport coordinators

## **Eligibility**

- B.E / B.Tech in Mining Engineering
- Freshers welcome (field exposure during internship preferred)
- Basic understanding of:
  - Surface mining & scientific mining methods
  - Blast & drilling design principles
  - Bench stability & Mines development
  - Mine safety rules

## **Desired Skillset**

- Strong observation & analytical ability
- Practical mindset
- Discipline & site presence
- Comfort working in field conditions
- Basic Excel & reporting skills
- Gujarati / Hindi speaking preferred

## **Growth Path**

This role is structured to develop you toward:

- Mine Supervisor
- Second Class Manager (after eligibility)
- First Class Mine Manager
- Operations Head (Long-term track)

We believe in growing leaders from ground operations.

## **What We Offer:**

1. - Competitive stipend or salary based on your skills and experience
2. - Opportunities for performance-based growth
3. - Comfortable accommodation
4. - Meals provided

We have assisted numerous recent mining engineering graduates in acquiring the practical skills that enabled them to secure positions in multinational mining companies.

To join a market leader in Blacktrap Mining, apply by sending your resume to: [apollometalquarry@gmail.com](mailto:apollometalquarry@gmail.com)

Regards

Vishv Jatin Patel
